

Ground Zero Planner

by {ga=ggstaff}

Friday, March 02, 2012 03:57 PM

[Click here](#) for our initial findings from the Ground Zero Planner.

We are no longer accepting entries through the Ground Zero Planner, but you can still play the game and try it out. The Ground Zero Planner allows you to design the World Trade Center site the way you think it should look. You can drag icons representing different ideas for the site, like housing, parks, and a memorial, onto a map of Ground Zero.
